

Wisdom Egwim

SOFTWARE DEVELOPER

About Me

Greetings, I am Wisdom Egwim a highly talented and motivated 20 years old Software Developer, from Nigeria. Possessing a robust skill set in Python, Django, FastApi, Flutter, Dart, Javascript, ReactJS, NextJS, Css, Tailwindcss, and Bootstrap, I bring a wealth of experience and a profound understanding of ML and Robotics.

With a solid background in software development spanning over 4 years, I have demonstrated my expertise through the conception and successful execution of independent projects. This track record underscores my unwavering commitment to excellence in the field. In addition to excelling in code craftsmanship, I actively explore the intersection of software development with cutting-edge technologies, embodying a forward-thinking approach in every endeavor.

My commitment to following the latest tech trends showcases my readiness for long-lasting success as a developer.

Work Experiences

As part of my professional journey, I have diligently undertaken a variety of impactful personal projects that showcase my dedication and proficiency across different technologies. Despite not having formal employment in a company, these projects are a testament to my practical skills and commitment to continuous learning. Key personal projects include:

Dyingearth - Python Soil Sensor Project (API Integration):

Conceived and executed the "Dyingearth" Python Soil Sensor Project, a personal initiative demonstrating expertise in Python programming and hardware integration. Engineered a seamless API that facilitates communication with the hardware, showcasing a practical application of my technical skills.

Animated Portfolio - React Portfolio Project:

Led the development of an engaging Animated Portfolio using React, emphasizing a commitment to front-end excellence. This project showcases my proficiency in crafting visually appealing interfaces and creating dynamic user experiences.

GPT-4 React Landing Page:

Pioneered the creation of a React landing page integrating GPT-4, illustrating my proficiency in incorporating cutting-edge technologies into practical applications. This project highlights a forward-thinking approach and an ability to leverage emerging trends in software development.

These hands-on personal projects exemplify my commitment to continuous learning and innovation in the field of technology. While not affiliated with a specific company, these experiences have equipped me with practical skills in Python, React, and hardware integration, positioning me as a versatile and resourceful developer ready to contribute to challenging projects.

Achievement

Dyingearth - Python Soil Sensor Project

- Designed and implemented a robust Python-based Soil Sensor system, named Dyingearth, with a fully functional API for seamless hardware communication.
- Recognized for exemplary problem-solving skills and technical acumen, contributing to the successful execution of the project.

My Skills

- Python
- Javascript
- Dart
- Django
- React
- NextJs
- Flutter
- Css
- Tailwindcss
- Bootstrap
- PHP
- C#
- GIT

Animated Portfolio – React Portfolio Project

- Conceptualized and led the development of an Animated Portfolio using React, garnering praise for its dynamic presentation and visually engaging design.
- Demonstrated mastery in React and an acute understanding of user interface design principles.

Animated Portfolio – React Portfolio Project

- Spearheaded the creation of a React landing page integrated with GPT-4 technology, showcasing an innovative approach to incorporating cutting-edge technologies into practical applications.
- Acknowledged for a forward-thinking mindset and the ability to leverage emerging trends in the field.

Education

Senior Secondary Certificate of Education (SSCE)

Graduation Certificate, Nigeria. **2015–2021**

Awarded the Senior Secondary Certificate of Education (SSCE) upon successful completion of a comprehensive six-year academic program in Nigeria. The certification is a testament to my dedication to education and proficiency in nine subjects, with a particular emphasis on mandatory English and Mathematics examinations. This educational foundation has provided me with a solid knowledge base, contributing to my overall academic and intellectual development.

Senior Secondary Certificate of Education (SSCE)

Graduation Certificate, Nigeria. **2009–2015**

I proudly hold the Primary School Achievement Certificate (PSAC), a graduation certificate earned through the successful completion of primary school examinations in Nigeria. Achieving passing marks, I obtained this qualification as a significant milestone, paving the way for my progression into secondary school to continue my academic journey. This certificate symbolizes not only academic accomplishment but also marks the commencement of my educational pursuit beyond primary education.
